Our Journey

CPS Addressing systemic bias and racism in our therapeutic content

www.pharmacists.ca/products-services/diversity-equity-and-inclusion/

Our Journey

Critically assess all content referring to race/skin colour to validate claims or update content.

Our Journey

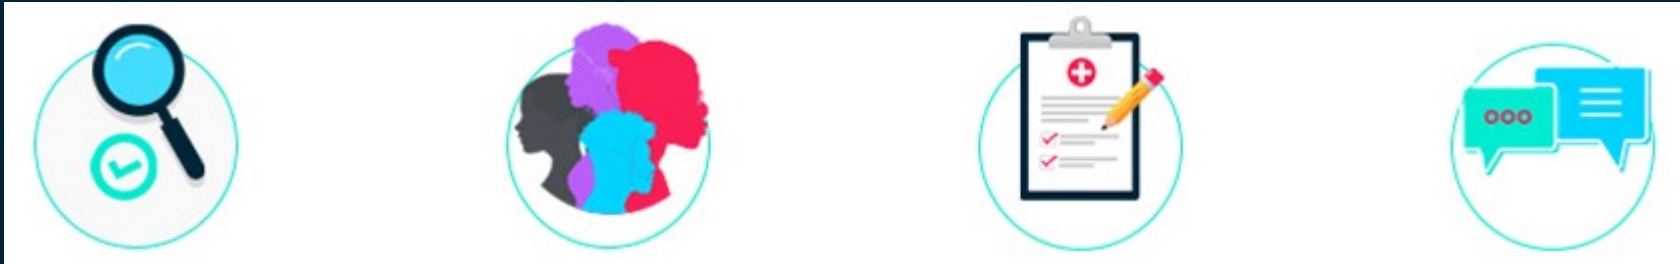

Source and add images representing conditions on a variety of skin tones.

Our Journey

Develop new content around the assessment of dermatologic conditions in all skin colours.

Our Journey

Establish and implement language to improve the descriptions of health conditions that are biased towards white skin.

Our Journey

Develop and implement language style guide to ensure inclusive language related to sexual orientation and gender identity.

CPS Then and Now

Renal Function Calculator [Download formulas and references](#)

Sex Male Female

Race Non-Black Black

Age years old

Weight kg

Creatinine $\mu\text{mol/L}$

Calculated Results

Cockcroft-Gault Equation
0 mL/min

MDRD Equation
0 mL/min/1.73m²

CKD-EPI Equation
0 mL/min/1.73m²
